Claims 121-133 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claims 108-120 recite a method of making a specified product. The claims to the product set forth in claims 121-133 are dependent on claims 108-120 and are not proper dependent claims because the product might be made in other ways. Therefore, a rejection under 35 U.S.C. 112, second paragraph is proper. See MPEP 608.01(n), "Infringement Test."

Applicant's arguments filed 9/7/05 have been fully considered but they are not persuasive.

Claims 108-120 are allowed.

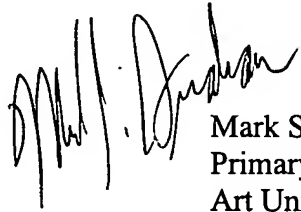

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
